

PORTLAND INTERSCHOLASTIC LEAGUE

HALL OF FAME

MISSION STATEMENT: The Portland Interscholastic League Hall of Fame supports the athletic programs and facilities of the Portland public high schools financially and as requested by the district, and honors student-athletes, coaches, administrators and others for their outstanding performances and contributions through annual selections to its Hall of Fame.

The PIL Hall of Fame would like to thank Jeff Erdman, PIL Assistant Athletic Director,
for taking time to be interviewed for this article.

None who read this article will be surprised that Covid-19 had an impact on the PIL, its athletes, coaches and fans. We are excited that things seem to be improving and we are feeling positive about future prospects.

Rather than deal with the misery of the pandemic, we would like to share some of the positives that have resulted from re-working and re-thinking some long held processes and traditions. A period like this has generated a lot of creativity in order to achieve our primary objective: to get the kids back on the courts and fields for their various sports.

As a recipient of the PIL Hall of Fame newsletter, it is likely that you are among the many that see the real benefits of sport to the students mental and physical well-being. Physical exercise, mental stimulation, competition and the sensation of teamwork can combine to make the school experience more memorable, satisfying and rewarding. It can also contribute to enhanced classroom performance.

By the time you read this, the current school year will have ended. In spite of the obstacles, the PIL can look back on that most recent year and take pride in having :

- ◆ Conducted league games for fall, winter and spring sports thereby “getting the kids back on the field”. .
- ◆ Conducted games against teams in the other four Portland area conferences: Three Rivers, Metro, Mt. Hood and Pacific.

- ◆ Expanded the number of possible competitive events with the addition of “culminating weeks” where teams of all those conferences were ranked (top to bottom) and then inter-league games between well-matched opponents created a “post-season” playoff atmosphere.
- ◆ Adopted procedures to protect athletes and fans from Covid while shortening time to check in to an event. Specifically, every person attending a game had to be tested, registered and kept distant in grandstands, rest rooms and on team benches. Later, family members, pre-tested, coming to games received a QR code as their entry identification.
- ◆ Reduced expenses in response to decreased ticket sale revenue.
- ◆ Maintained investment in middle school programs without interruption.
- ◆ Took real joy from seeing the faces and hearing the energized voices of the athletes and coaches who are so happy to be “back at it”.
- ◆ Moved forward with the Positive Coaching Alliance (PCA). This program has become a staple in the PIL process. The PCA goal is to educate athletes, coaches and parents/fans on matters of respect and treatment of others—especially in the competitive athletic environment. The execution of that goal comes through the training of Stu-

dent Athlete Leadership Teams (SALT) made up of a representative group that closely matches the ethnic and gender balance of the school. Those selected SALT athletes would receive training that would help them identify the challenges (bullying, racism, harassment along with a host of other issues common in most of today’s schools), seek next steps to improve on those situations and then spread the word among fellow students, other teams in the PIL and, eventually, other leagues in an initiative that will help create the kind of schools, leaders and world that we want and need.

We have also had the thrill of experiencing the reversal of a trend. After years of declining student population at our schools, we are seeing growth once again and that is especially true at the newly renovated schools. Roosevelt, Franklin, Grant and the newly named Leodis V. McDaniel High School (formerly Madison High School) will all be completed by the start of school in the fall. The new Lincoln High School is being constructed at this time on the previous site of the stadium field. When completed, the old building will be razed and a new field and stadium built in that location. Work on Benson is next up.

DID YOU KNOW?

The format for the tournament is a four-person-scramble. What better time is there to gather your three best friends so that you can trash talk, laugh and praise all in the space of 4 1/2 to 5 hours.

The tournament is dedicated to the memory of **Mel Krause**, one of the founders of the event, a 3-sport All-PIL star in football, basketball, and baseball from Cleveland High who starred in basketball and baseball at the University of Oregon. He is a member of the Oregon Sports Hall of Fame as well as HOFs at the University of Oregon, PIL, and Cleveland as an athlete and coach.

Proceeds from this golf tournament, the various sponsors, raffle, and silent auction support the work of the PIL Hall of Fame.

THIS YEAR IS EASTMORELAND

A PIL Hall of Fame Tribute to the Krieger Family and Broadmoor Golf Course

In appreciation, we gratefully acknowledge the Host and Home of the Hall of Fame's primary source of support for the last 15 years—the Krieger Family and Broadmoor Golf Course.

It was in 2005 that Don Krieger and Mel Krause, Hall of Fame member and Board member/Secretary, forged an agreement to relocate the PIL Hall of Fame's fund-raising golf tournament to Broadmoor.

Don's son Scott Krieger, a 1976 grad of Wilson High, has been serving as General Manager of Broadmoor since 1992. Scott's great-grandmother along with five aunts converted the family's Rose City Dairy to the golf course, opening on Labor Day, 1931. The course was sold on Oct. 25, 2020 for industrial development and wetlands.

Participants in the tournament, now named as a memorial to Krause, enjoyed playing the historic Portland course and the Krieger's gracious hospitality, great food and attentive service provided over the years. Thanks for the generous support and fond memories!

The Tournament lives on:

Platinum Sponsor-Bill Taylor

As so many of you know, Bill Taylor has been the major supporter of the PIL Hall of Fame. The PIL HOF Board has asked Bill to tell us his story. We are pleased to share that with you here.

I have to say that I have enjoyed sports since I was a small boy.

My father, Harold Taylor, started coaching baseball when I was nine-years-old and continued until I reached high school.

Small played a factor in that, as much as I loved football, I soon found out that I was better suited for wrestling, baseball and skiing! Skiing eventually won out but I've always been a baseball fan as well as anything U of O Ducks!!

My dad always told me that if he had enough money, he would have gone to OSU. Well, he didn't and years later he was introduced to a man named Len Casanova and the rest is, as they say, history.

I was truly blessed to have the parents that I did. They were kind and thoughtful and let me have free reign to do what I wanted (within reason). I learned so many valuable life lessons from them.

Being so interested in sports as well as the development of youngsters, my father started sponsoring the Putnam High School summer baseball program around 1965 and we continue this sponsorship to this day. I can hardly believe it's been 55 plus years!

There have been many other events we have been fortunate to be involved in such as Pop Warner football, the famous Portland Lobo semi-pro baseball team of the '70s which produced so many fine young men who went on to teach and coach the next generation, or two, of student athletes.

I have found much satisfaction and enjoyment in participating in and awarding scholarships to students in the North Clackamas and Estacada school districts for the Harold Taylor Scholarship Fund and a fairly new one at South Wasco County High School, all for students who have had some difficulties in school but are determined to better themselves with further education in academics or trade school. We also actively support

programs at the U of O, OSU and the Oregon Humane Society to name a few.

It has also been a pleasure to be involved with the PIL in helping sponsor the Mel Krause Memorial Golf Tournament. My dad was a friend of Mel and it seemed a perfect fit. I have also found it enjoyable to contribute to middle school sports programs, through the PIL Youth Sports Foundation.

It was my father's firm belief, and mine, that sports can be a window to the future.

STATE OF THE PIL HALL OF FAME

A face mask can't hide the fact our organization aptly fits the saying "*tough times don't last, tough people do,*" during this past Covid period. Resilience and perseverance overcame the adversity we have all faced this past year, and I am pleased to provide this "State of the PIL Hall of Fame."

With our two major events pushed to the sidelines last year --the annual Induction Banquet and the Mel Krause Memorial golf tourney that funds it—our understanding inductees and supporters responded affirmatively to the Board's plea to weather the storm. The Induction class of 2020 has been patient. The 36 members are now scheduled to receive their just due on October 24th at the Hilton Doubletree at the Lloyd Center in Portland.

Likewise, we anticipate Eastmoreland Golf Course becoming the new home of our PIL Golf Tournament and Fundraiser this coming September 13th.

In addition to planning these events, we have been updating our pilhalloffame.org website and creating our third annual PIL Hall of Fame newsletter that you are holding in your hands. We are also staying in close touch with the PIL District Athletic Office and encouraging the fine work they are doing with our PIL student/athletes during these trying times.

I am honored to be your President and am grateful for your support of our organization. Thank you to our Executive Committee and the Board of Directors for their hard work, dedication, and support.
